I have read the City of Dallas Motorized Cart and Personal Transportation Vehicle Ordinance Sec. 38-7 and I understand and will abide by city/county and state laws pertaining to motorized carts as described in the ordinance. I certify that all information provided is true and accurate and that all drivers listed as additional drivers have a valid driver's license. I accept legal and civil responsibility for any actions during the operation and of the cart.

Owner's Signature: _____ Notary's Signature: _____

Date: _____

Process for Obtaining Motorized Cart Registration

- Read Motorized Cart Ordinance
- Complete the Motorized Cart Registration and turn in along with the applicable registration fee.
- Complete the Motorized Cart Equipment Affidavit along with a picture of the actual motorized cart being registered.
- Owner of Motorized Cart must provide a valid Driver's License, proof of insurance, and a copy of the Certificate of Origin (title) or bill of sale at the time of application.
- Once all paperwork is completed and approved, you will be issued registration decals to be affixed on side of the cart before operating. The decals will display your registration number.
- Your permit will be valid for 5 years from registration date.

***Note:** State Law mandates that motorized carts weigh under 1,300 pounds and **cannot exceed 20 mph**. If your vehicle does not comply, it cannot be legally registered or used on designated roads or recreation paths.

Motorized Cart Equipment Affidavit

All motorized carts shall have the following equipment affixed and in good working order per City Ordinance Sec.38-7: *(Please initial each requirement)*

_____ A braking system for the weight and passenger capacity of the vehicle, including a parking brake;

_____ A reverse warning device functional at all times when the directional control is in the reverse position;

_____ A main power switch. When the switch is in the "off position," or the key or other device that activates the switch is removed, the motive power circuit shall be inoperative. If the switch uses a key, it shall be removable only in the "off" position;

_____ Head lamps and tail lamps

_____ Reflex reflectors

_____ Horn

_____ Rearview mirror

_____ Safety warning labels

_____ Hip restraints and hand holds

In addition to the equipment required above, **gasoline operated motorized carts** shall have the following equipment affixed and in good working order:

_____ An exhaust system, meeting the following specification:

1. The exhaust system shall include the piping leading from the flange of the manifold to and including the muffler and exhaust pipes and shall include any and all parts specified by the manufacturer
2. The exhaust and its elements shall be securely fastened
3. The engine and powered mechanism shall be so equipped, adjusted and tuned as to prevent the escape of excessive smoke or fumes.

_____ All motorized carts will have stickers affixed to the back lower portion side of the cart. See attached photo on next page. If the motorized cart is sold, destroyed, or no longer owned by you, you will need to remove the decals and return them to the office. This will ensure the registration does not come back to you in case an incident occurs that requires the cart owner to be held liable for violations and/or damages.

I have read and understand the above information. I hereby certify that the information contained in this affidavit is true and complete to the best of my knowledge. By signing this affidavit, I understand this is an official document. Any false, fictitious, misleading, or fraudulent statements are subject to punishment under Official Codes of Georgia Title 16, Chapter 10 § 20 as a felony with a penalty of one to five years imprisonment.
